How do I start?

⚠️ You can only consume the LumiNUSAPIs provided you have NUSNET account.

ⓘ If you already signed up for the account, you may proceed to How to use the API?

1. **Sign up for an account**

   First, you need to sign up at the portal here: https://luminus.portal.azure-api.net/. You need to sign up using your NUS email.

   After you have registered successfully, you will receive an email to confirm your account. Something like the below.

   From: apimgmt-noreply@mail.windowsazure.com <apimgmt-noreply@mail.windowsazure.com> on behalf of NUS <apimgmt-noreply@mail.windowsazure.com>
   Sent: Thursday, February 22, 2018 3:17 AM
   To: [redacted]7@h[...].com
   Subject: Please confirm your new NUS API account

   Dear [redacted],
   Thank you for joining the NUS API program! We host a growing number of cool APIs and strive to provide an awesome experience for API developers. First order of business is to activate your account and get you going. To that end, please click on the following link:
   https://luminus.portal.azure-api.net/confirm-v2/identi[...]&identity=[...]&ticket=[...]8...son=signup
   If clicking the link does not work, please copy-and-paste or re-type it into your browser's address bar and hit "Enter".
   Thank you,
   NUS API Team
   luminus.portal.azure-api.net

   After you have confirmed, login into the portal (https://luminus.portal.azure-api.net/.), and register for your subscription plan.

   Your subscription request for the Starter

   N NUS <apimgmt-noreply@mail.windowsazure.com>
   F[...] 2019 [...]
   You ⌄

   Dear [redacted],

   Thank you for your interest in our **Starter** API product!

   We were delighted to receive your subscription request. We will promptly review it and get back to you at [redacted]

   Thank you,

   The NUS LumiNUS Team

   luminus.portal.azure-api.net

   After which, please send a ticket to LumiNUS Student Helpdesk (if you are student), and LumiNUS Staff Helpdesk (if you are staff), and provide the description or write-up on your application such as what it does and well as what kind of APIs you will be using.

   Once we receive your request, we will process your subscription accordingly. If it's approved, the subscription will be activated, and you will receive the email notification. You should be able to access the list of APIs available under your subscription plan.

Greetings ' ˙   ˙˙˙ Che˙ ˌ!

Thank you for subscribing to the **Starter** and welcome to the NUS LumiNUS developer community. We are delighted to have you as part of the team and are looking forward to the amazing applications you will build using our API!

Below are a few subscription details for your reference:

- Start date: ∠/∠ ∠/2019

Visit the developer profile area to manage your subscription and subscription keys

A couple of pointers to help get you started:

Learn about the API

The API documentation provides all information necessary to make a request and to process a response. Code samples are provided per API operation in a variety of languages. Moreover, an interactive console allows making API calls directly from the developer portal without writing any code.

Stay in touch

If you have an issue, a question, a suggestion, a request, or if you just want to tell us something, go to the Issues page on the developer portal and create a new topic.

Happy Coding,

The NUS LumiNUS API Team

luminus.portal.azure-api.net

To view the list of subscriptions you have, click on your name at the top right hand side. Click on **Profile** under the dropdown list. You will see the list of subscriptions you have under **Your subscription**.
