

Content

In this chapter, you will be introduced to the following tools: Learning Flow, Files, Multimedia, and Web Lectures. These tools handle different type of contents and by understanding their characteristics, you will be able to make the right choice of tools to deliver your content.

You will also be introduced to Content Banks, which you can use to store all your questions and rubrics so that they can be reusable in tools such as: quiz, gradebook, survey, and also across different modules.
