

Assessment

Assessment is the tool for instructor to prepare a list of questions to conduct quiz, self-test for students.

- If you set setting of the assessment to be **Auto-mark**, system will mark student answers when student submit their answers in assessment, except Essay type of questions.
- Answers entered by student are saved automatically when student is taking assessment.

Allow resume

- You can set the **Resume Type** to be Allow Resume, so student can continue with their assessment even there is a corruption in progress (such as network disconnect).
