

# Pre-allocation Guidelines

In order to manage the large enrolment, the modules will be **pre-allocated** to you according to the conditions stipulated by your faculty, and by the Office of Student Affairs. The modules are not open for selection.

If you are pre-allocated the module in a particular Semester, it will be reflected in the ModReg system by **Select Modules : Round 1**. You will then need to ballot for a tutorial slot at **Select Tutorials : Round 1 and Round 2**. Please refer [here](#).

Note: There is no physical lecture class, so you need not worry about timetable clash with the lecture timing.

The schedule for the pre-allocation is listed below. Do refer to the cohort you are in.

- For **Double Major** students, your pre-allocation will be based on your First Major.
- For **Double Degree Programme (DDP)** students, your pre-allocation will be based on your Home Faculty.
- For **Law DDP** students, your pre-allocation will be based on your Host Faculty.

## Important Notice

*If the module is NOT pre-allocated to you despite that you are scheduled to read it in the current semester - please send a request via ModReg: **Submit Appeals/Inquiries Function**, Appeal Type: "**Pre-allocate GER1000/GEQ1000**".*
