

Asking Questions (GEQ1000) & Quantitative Reasoning (GER1000)

Under the new General Education (GE) Curriculum, implemented in AY2015/16, GE modules are divided into 5 pillars, namely:

1. Human Cultures
2. Singapore Studies
3. Thinking and Expression
4. **Quantitative Reasoning (GER1000 is the only module offered under this pillar)**
5. **Asking Questions (GEQ1000 is the only module offered under this pillar)**

All students (except those from the Faculties of Dentistry and Law, and the School of Medicine) are required to read and pass five GE modules, one from each pillar. Students are strongly encouraged to complete the GE modules within the first two years of their candidature.

For more information regarding GE Curriculum, please refer [here](#).
