Log in to Turnitin directly

⚠ **This is not Turnitin**. This page has *instructions about Turnitin*.

NUS students do not have access to Turnitin unless enabled by your instructors in LumiNUS.

If you have come here via a search, **clicking Create (if visible) above does not send your report to Turnitin**.

ⓘ
1. Login to Turnitin using NUSNET credentials has been disabled as of 15 December 2016. This is Turnitin's decision, not CIT's.
2. If you have:
   a. used Turnitin directly before December 2016 or
   b. ever used Turnitin via Canvas, LumiNUS or IVLE,
   you already have a Turnitin account with your NUSNET email as your username and a system-assigned random password.
3. These instructions are applicable only to Turnitin users who need to access Turnitin directly.
   If you only use Turnitin via LumiNUS, these instructions do not apply to you.
4. Instructors and students using Turnitin directly, do note the new account creation and submission process for students.

LOG IN to Turnitin

ⓘ Bookmark the login page on your browser for quick access.

Go to the **Turnitin login page**.

Enter your Turnitin account email address.

Enter your Turnitin account password.

Click **Log In**.

⚠ Do not use the login link on the Turnitin homepage as that login link is not https secured.

RESET your Turnitin account password, if necessary

⚠
1. Your Turnitin account is separate from your NUSNET account.
2. Resetting your Turnitin password does not affect your NUSNET password.
3. DO NOT reuse your NUSNET password for your Turnitin account.

Reset your Turnitin password

- Go to the **Turnitin login page**.
- Click the Forgot your password link. (See note below regarding last name.)
- If the email and password match the details that Turnitin has on record, you will be sent an email with further instructions on resetting your password.
- If you get the wrong last name, refer to the note below.

ⓘ You need to provide your *NUS email address* and your *last name*.

- The NUS Turnitin Administrator does not know nor has access to individual account information in Turnitin.

As your last name is system-assigned, your actual last name likely does not tally with the last name in your Turnitin account.

Try the following *as your last name*, in this order:

1. Your NUSNET ID e.g. citabc or e0123456
2. Your NUSNET email address
3. Your friendly-mail alias
4. Everything after the first word in your name as in your staff or matriculation card. Example:
   a. IVLE/LumiNUS/Canvas Display Name: Tan Ah Kow
   b. First name in Turnitin is: Tan
   c. Last name in Turnitin is: Ah Kow

You may have to try several variations to retrieve your Turnitin password

If you have tried all possible variations of your name and you have a friendly-mail email, try the friendly-mail instead.

Once you have reset your password, login at turnitin.com.

⚠

⚠

1. You are only required to login directly to Turnitin if your instructor requires you to do so. Most Turnitin submissions are done directly in LumiNUS Files.
2. You will know you are required to submit directly to Turnitin if you:
   a. receive a welcome email from Turnitin, or
   b. are provided a class ID and class enrolment password to enrol in a Turnitin class.
3. If you were provided a class ID and class enrolment password by your instructor, follow these instructions.
   a. If you are prompted that your email exists in Turnitin, continue on to the reset your password instructions below.
4. If you received a Welcome email from Turnitin,
   a. with a create your password link, disregard the instructions below and follow the instructions at this link to create a Turnitin account and join the class.
   b. only notifying you of that you have been added to a class in Turnitin, you already have an existing Turnitin account. Continue on to the reset your password instructions below.

⚠

1. Your Turnitin account is separate from your NUSNET account.
2. Resetting your Turnitin password does not affect your NUSNET password.
3. DO NOT reuse your NUSNET password for your Turnitin account.

Reset your Turnitin password

- Go to the **Turnitin login page**.
- Click the Forgot your password link. (See note below regarding last name.)
- If the email and password match the details that Turnitin has on record, you will be sent an email with further instructions on resetting your password.
- If you get the wrong last name, refer to the note below.

ⓘ You need to provide your *NUS email address* and your *last name*.

- The NUS Turnitin Administrator does not know nor has access to individual account information in Turnitin.

As your last name is system-assigned, your actual last name likely does not tally with the last name in your Turnitin account.

Try the following *as your last name*, in this order:

1. Your NUSNET ID e.g. citabc or e0123456
